

# Friendship Train

## F O U N D A T I O N

**“Tell me and I forget. Teach me and I remember. Involve me and I learn.”**

**- Benjamin Franklin**

As you plan your assemblies and special programs for the school year, why not involve your students directly in hands-on activities, rather than be the audience in a standard assembly program? Get on the right track and bring workshops from the Friendship Train Foundation (FTF) to your school. FTF workshops will give your students the opportunity to work collaboratively and participate in project-based learning experiences that are STEAM driven and aligned with common core standards.

- Create a Cartoon
- Super Scientists
- Video Game 101
- Clay Monsters
- Junior Engineers
- Robotics

Workshops can be formatted for in-school assembly programs, fundraising events, afterschool enrichment offerings, or special events hosted by the PTA/PTO.

FTF will help you select the workshop that will be the best fit for your school and needs. Please contact the Friendship Train Foundation for assistance.
